EDUCATIONAL QUALIFICATIONS

Bachelor of Science (Engg.) in Electrical and Electronic Engineering (EEE)
Noakhali Science & Technology University (NSTU), Noakhali, Bangladesh
March 2022 – August 2026 | CGPA: 3.90 / 4.00 | 1/23

Higher Secondary Certificate (HSC), Science
Chittagong Engineering University School and College (CEUSC), Chittagong, Bangladesh
June 2018 - 2020 | GPA: 5.00 / 5.00

Secondary School Certificate (SSC), Science
Rangunia Khilmogal Rasik High School, Chattogram, Bangladesh
January 2016 - 2018 | GPA: 5.00 / 5.00

RESEARCH INTEREST

Triboelectric Nanogenerator, AI, Machine Learning, Biomedical Engineering, Image Processing

RESEARCH EXPERIENCES

1)Natural spice-based biodegradable triboelectric nanogenerator for sustainable biomechanical energy harvesting and self-powered intelligent devices. (Undergraduate Thesis, Manuscript submitted)

Undergraduate student and RA at the **Center for Energy and Sensor Innovation Lab** (CESI Lab).
(https://www.cesilab.org/) **March 2025-present**

Collaboration with lab:
2)Plant-inspired Natural Fiber Employing a Biodegradable Triboelectric Nanogenerator for Self-powered Wearable Biometric Sensors
3) Recycled water hyacinth fiber-based bio-Inspired sustainable triboelectric Nanogenerator for self-powered sensing Application
4)Pineapple Leaf Microfiber-Driven Eco-Friendly Triboelectric Nanogenerator for Sustainable Energy Harvesting and Self-Powered Sensing
5)Biodegradable Bandana pseudostem fiber-based TENG for self-powered smart sensing.

SELECTED ACADEMIC PROJECTS

- Model of Humidity and Temperature Control for Crops - March 2025
- Line-Following Robot (LFR) Design, Team Project - December 2024
- Digital Tachometer Model using Arduino Uno - June 2024
- BCD Code Generator using 7-Segment Display - June 2024
- Design and Implementation of 4-Line Decoder and 4-to-1 Multiplexer- July 2024
- Design and Implementation of JK Flip-Flop- August 2024
- Object Detection and Radar Defense System built with Arduino - March 2023
- Low-Cost Fire, Gas & Smoke Detection and Notification System - September 2022

HONORS & AWARDS

- University Merit Scholarship, for 8 semesters during undergraduate studies (2022-2026)
- Contribution Award, Organizing Vice President, EEE Day 2026
- Canada Bangladesh Education Trust (CBET) Scholarship, June 2022 - June 2025
- Ankur Undergraduate Scholarship, Bangladesh, January 2023 - January 2025
- 2nd Place, Intra-Department Slide Presentation, Team, June 2024
- Outstanding Contribution Award, Volunteer, 2nd International Conference on Machine Intelligence and Emerging Technologies (MIET 2024)
- Contribution Award, Organizer, EEE Day 2022

TECHNICAL SKILLS

Engineering Software: NI Multisim, OrCAD PSPICE, Autodesk AutoCAD, LOGO! Soft Comfort, TIA Portal, Proteus, TinkerCAD, MathCAD, PVsyst 7.0, OriginPro, PyCharm
Programming: MATLAB, C, C++, Arduino, Ladder Logic, 8086 Microcontroller, Python
Miscellaneous: Microsoft Office, OrangeFox Recovery, TWRP, Canva, Adobe Photoshop, Adobe Illustrator
Practical Skills: Electrical wiring and flat design, power bank and BMS circuit design, DIY rechargeable fan, UPS for Arduino Uno and router, 5V adapter design

LEADERSHIP EXPERIENCE

Vice President - NSTU EEE Association, Noakhali, Bangladesh — March 2025 - June 2026
Class Representative - Department of EEE, NSTU — July 2023 - August 2026
Executive Member - NSTU Robotics Club, Noakhali, Bangladesh — April 2022 - March 2026
Executive Member - NSTU EEE Association, Noakhali, Bangladesh — March 2022 - March 2023

INTERNSHIP & INDUSTRIAL EXPERIENCE

Computer Office Application Course - Bangladesh Technical Education Board (BTEB),
Base Mahbub Alam Chashi Gonobiddalay.
6 Months (Certificate)

Industrial Technology on Electrical Engineering & Instrumentation
Training Institute for Chemical Industries (TICI), Narsingdi, Bangladesh
April 5 - 17, 2025 *(Certificate)*

Training on Solar System Planning, Design, Installation, and Operation for Engineering Students
Daffodil International University, Dhaka, Bangladesh
August 20 - 31, 2024 *(Certificate)*

Training on Generation, Protection, and Transmission of Electrical Power System
Chowmuhani 113 MW HFO Power Plant, Noakhali, Bangladesh
March 2022

Visiting and Training on Local Distribution Transformer (32KV/440V)
NSTU, Noakhali, Bangladesh

Visiting and Training on PLC Automation
BSRM (Bangladesh Steel Re-Rolling Mills), Kilmurari, Zorargonj, Mirsarai, Chattogram, Bangladesh

COURSES

- Python Developer Certification Program - W3Schools
- Personal & Professional Communication - 10 Minute School
- PLC Programming
- Computer Office Application Course - Bangladesh Technical Education Board (BTEB), 6 Months

VOLUNTARY WORK

Organizing Committee, Intra-Department Contest - NSTU EEE Association *(Certificate)* — March 2025 - March 2026
Founder and Advisor - General Students Association (GSA) — July 2025
Volunteer, 2nd International Conference on Machine Intelligence and Emerging Technologies (MIET 2024) *(Certificate)* — November 2024
Volunteer, NSTU EEE Association. *(Certificate)* — November 2024

LANGUAGE PROFICIENCY

Bengali: Native.
English: Reading - High, Writing - High, Speaking - Medium
Hindi/Urdu: Speaking – Medium
